Red Colour Day

On
03rd February 2023

Colours are indeed the smiles of nature. The 'Red Day' celebration was a wonderful learning activity which helped children to sort and classify objects based on colours there by reinforcing cognitive skills. Red symbolises love, commitment, strength and bravery. The shades of red induced in the students the sensations of joy.

"Red is the first colour of spring...
It's the real colour of rebirth
of beginning"
